

FUTURE LEADERS WORLD LEADERS

ONLINE 2022

The opportunity to study online with a central London school, wherever you are, while developing soft skills and exploring contemporary themes. This course is for students who have a B2 level of English and want to develop an understanding of the UN's 17 Sustainable Goals, before choosing on one goal on which they will focus their end of course presentation.

Location: Online

Language level: B2+

Age Range: 14-17

Course length: 2/3 weeks (see sample programmes)

Course content

The course runs like a conference, with students enjoying an exciting programme of guest speakers and workshops. World Leaders encourages students to explore contemporary skills such as debating, critical thinking, and team work. The course looks at different world issues, which help to get young people engaged in making the world a better place.

Students focus on acknowledging the importance of certain themes like climate change, gender equality, and sustainable cities and communities. Students will learn about the 17 sustainable goals adopted by the UN aimed to promote peace and prosperity for people and the planet.

The course follows the UN's 17 Sustainable Development Goals which are a call to action by all countries (poor, rich, and middle-income) to promote prosperity while protecting the planet. Students can choose to focus on one goal and will work on their presentation based on this, which is then judged by the panel at the end of their course.
