

The following FAQs are drafted in general terms to assist guard.me clients with customer queries in relation to White Horse underwritten products. The FAQ's are intended as general advice only, and in the event of a claim, cover will apply as per the insured persons policy terms and conditions.

White Horse underwritten policies provide cover for cancellation and curtailment for specific reasons only. Even if a customer claims for a reason that is unforeseen or out of their control, there is no cover under the insurance policy, unless the reason is listed under the respective cancellation and curtailment section of their policy. In the first instance customers should seek compensation and redress that they are entitled to from the airline, and WH will require evidence that the customer has gone down this route when assessing claims.
